Christianity stands or falls with its revolutionary protest against violence, arbitrariness, and pride of power, and with its plea for the weak. Christians are doing too little to make these points clear ... Christendom adjusts itself far too easily to the worship of power. Christians should give more offense, shock the world far more, than they are doing now.

Dietrich Bonhoeffer

A weekend retreat in early summer 2017 for lay and ordained Christian leaders based on Dietrich Bonhoeffer's community practice at the Finkenwalde seminary, as outlined in "Life Together" and other writings from that period.

The purpose of his weekend experience at Freeborn Lutheran Church and Bonhoeffer Botanical Gardens in Stanwood, WA is to engage a community in a weekend of "Life Together" for personal renewal, learning, spiritual and vocational discernment, and community formation, as a way to begin connecting Bonhoeffer's insights and work to the challenges we face today.

A free public lecture will be offered Saturday Sept 30<sup>th</sup> by Rev. Dr. Mark Brocker connecting Dietrich Bonhoeffer's work to the challenges of today with the theme: "What We Can Learn from the Church Struggle in Nazi Germany."

Cost: \$50 per person, including meals. Scholarships available for students and others needing financial assistance

Lodging: Nearby hotels. A free "no frills" camping option is available.
